

I'm proud of you

Verse 1

I'm proud of you for not giving up
I'm proud of you for not being done
I'm proud of you for doing your best

Verse 2

I hope for you forever happiness
And I wish for you to never regress
And when you're out of breath
I will be there for you

Pre-Chorus

I love your smile
I love your hugs
When you squeeze my hand
It shows me, you know what I mean when I say

Chorus

I'm proud of you
We'll reach for the cure
I'll be there for you
Even when things get rough

Tell me everything
Anything that troubles you
I know you'll talk to me someday
So, I won't give up on you

If you didn't notice, that spells RETT

Verse 3

I'm proud of you for smiling
While everybody's worried
I'm proud of you for caring
When everyone feels sad

Pre-Chorus

I love your smile
I love your hugs
When you squeeze my hand
It shows me, you know what I mean when I say

Chorus

I'm proud of you
We'll reach for the cure
I'll be there for you
Even when things get rough

Tell me everything
Anything that troubles you
I know you'll talk to me someday
So, I won't give up on you

If you didn't notice, that spells RETT

Bridge

The way you love animals
The way you love swimming
How you adore horses
And even just chilling

The way you love hitting
My face in the morning
To wake me up
Stop doing that though, please (haha)

Chorus

I'm proud of you
We'll reach for the cure
I'll be there for you
Even when things get rough

Tell me everything
Anything that troubles you
I know you'll talk to me someday
So, I won't give up on you

I'm proud of you
I'll be there for you
When troubles get to you
I won't give up on you

If you haven't noticed yet, she has RETT
