## We are Institut Montana Zugerberg

Our school was founded in 1926 in the belief that education can help make the world a better place. Today, this mission remains at the heart of life at Institut Montana.

An education in Switzerland means a high standard of living and a secure environment. It offers an abundance of learning and career-related opportunities. At Institut Montana, you will find all these and more. We are a small family-like community of around 300 students who enjoy a multicultural environment of more than 42 nationalities.

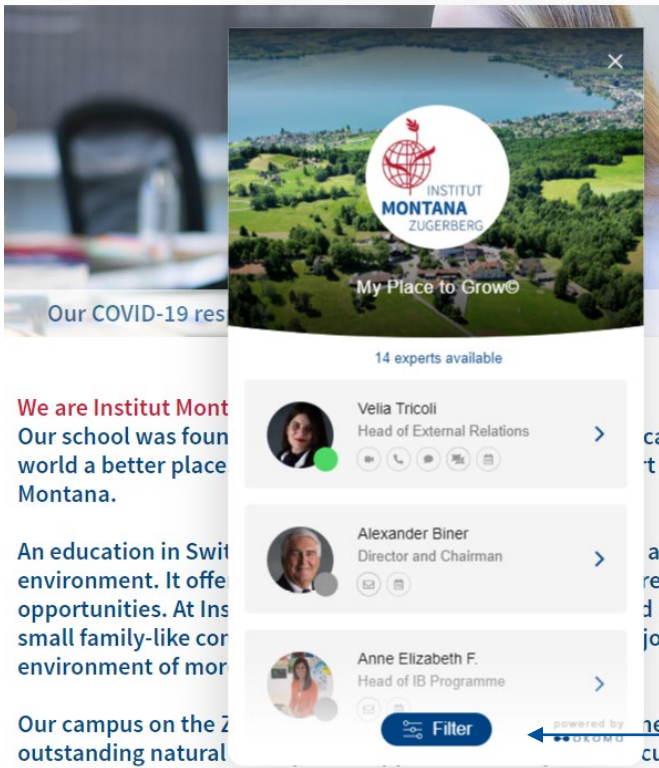

Our campus on the Zugerberg provides a nurturing environment in an area of outstanding natural beauty. With opportunities beyond the curriculum to inspire ambitions as well as teach important skills for this changing world, you can prepare for an exciting future. You will graduate as a responsible young adult and a truly global citizen with a network of friends from all over the world.

This is your place to grow.

Head of External Relations

**About me**  
I am Italian national but I was exposed in a multicultural environment since I started my studies at Institut Montana in 1999, graduating in 2003. Today I am responsible for our External Relations which include admissions, summer sessions, marketing and alumni. I am pleased to answer any question you may have about Institut Montana and life on the Zugerberg mountain.

## Check your tech

- Check your internet speed. For a clear HD video connection, you need at least 1 Mbps (Megabites per second). You can test your internet speed at [www.SpeedTest.net](http://www.SpeedTest.net).
- Make sure your device (ideally laptop) is fully charged. Or, plug it into an outlet.
- Check the audio. Make sure it is turned on.  
Depending on your surroundings, you may want to use a headset or earbuds during your call.
- We recommend using the **Google Chrome browser** for the call but Firefox and Safari work as well.
