# Welcome to the Montana Summer Sessions!

Our summer school is about combining learning with fun. Intensive classes in English or German will dramatically improve your grasp of a foreign language and our afternoon workshops bring learning to life. All this while living on the Zugerberg mountain, close to the lively cities of Zug, Zurich and Lucerne but secluded. Surrounded by nature, we have fresh air to breathe and space to run and play. We fill our summer camp with happy people who love to teach and inspire their students. They will open your life to new ventures and make sure you get the best out of your summer.

Experience an unforgettable summer, bring home more than memories.

## Our Four Pillars

### Learn.

Intensive German and English classes each morning, five days a week, will fast-track students to a high level of proficiency and confidence in another language, whatever their start level.

### Grow.

Afternoons are devoted to exciting workshops that will fire up enthusiasm and awaken talents. It might be Business & Leadership; Science & Technology or Creativity & Arts, experimental learning with real-life scientists, film-directors and entrepreneurs.

### Move.

Our amazing location abounds with outdoor activities and students have plenty of opportunities to play sports or to run about taking joy in our natural surroundings. A summer when they will come home fit and healthy.

### Meet.

Students from all over the world join us each year for a summer adventure of fun-filled events and exciting excursions. They discover the wonders of Switzerland and make lifelong friendships!
